Reference letter for WEBCON Sp. z o.o.

concerns the implementation of WEBCON Business Process Suite based on Microsoft SharePoint 2010.

LPP S.A. is the biggest Polish clothing designer and producer with over 1500 retail stores in 12 European countries. The company has been founded in 1995 and currently owns 5 clothing brands: Reserved, House, Mohito, Cropp and Sinsay.

Due to the dynamic growth, constant extension of our offer and the reconstruction of the organizational structure, in 2009 we decided to implement WEBCON Business Process Suite based on Microsoft SharePoint. The choice was the result of previous positive experience with the WEBCON and capabilities of WEBCON BPS as a comprehensive workflow solution.

Implementation of the system allowed us to automate processes such as:

- **registration** of incoming cost invoices (sent also by email), handled both manually and through OCR engine,
- cost acceptance and allocation in the electronic document system,
- (mass) submitting and verification of leave requests with homogenous interface for all end users,
- Business trip along with **reimbursement** and cost approval,
- Requisitions (including requisitions for office accessories),
- Information Exchange System enabling efficient and comprehensive undertaking activities related to the hiring of new employees and changing work conditions of those already employed. The system includes dozens of dedicated workflows for tasks and documents that

form a comprehensive platform to handle all employees-related activities.

WEBCON Business Process Suite is efficient and flexible tool capable of meeting our business needs. Automation of many processes (also not listed above) in one platform let us to achieve business and financial benefits. Most of all, WEBCON BPS made easier to manage our geographically scattered chain stores. We also enhanced control over organization's activities and tightened internal procedures. Due to the user friendly and intuitive interface, the system can be used without any trainings by each of our 900 employees who has access to it.

We strongly recommend WEBCON Business Process Suite as a complete and effective platform for Business Process Management. We also recommend WEBCON as a trusted and fully professional business partner, characterized by high technological competence.
