Reference letter for WEBCON Sp .z o.o.

concerns the implementation of intranet based on Microsoft SharePoint 2007 and 2010.

LPP S.A. is the biggest Polish clothing designer and producer with over 1500 retail stores in 12 European countries. The company has been founded in 1995 and currently owns 5 clothing brands: Reserved, House, Mohito, Cropp and Sinsay.

We began cooperation with WEBCON in 2009. The aim was to implement a comprehensive intranet, to allow each employee have an access to needed information. Access to specific data would depend on position in the company. The project was based on Microsoft SharePoint 2007. Thanks to the experience of WEBCON's experts, it was possible to implement a number of dedicated applications, which supported routine operation of the company, like: attendance checking and stores standards control. The intranet was adjusted to international character of the company, allowing employees to choose language matching their preferences.

Due to the growing needs of the company, the portal is developed regularly. Thanks to the creativity of WEBCON's team, in 2011 it was possible to implement application that generates labels for clothes (so-called "washings") based on given configuration, as a vector, ready for printing, without the interference of graphics programs. In addition, WEBCON implemented an application that supports "mystery shopping", which allows for easy and transparent quality control of the work of individual stores.

On the intranet level, it is also possible to take part in number of other processes and workflows, such as: cost invoice, leave request, business trip, correspondence, collection and exchange of data about the company. It was possible due to the implementation of the WEBCON Business Process Suite and data warehouse which were delivered and integrated with our intranet. In 2011, WEBCON team migrated portal to Microsoft SharePoint 2010.

We strongly recommend WEBCON as a competent, reliable and timely provider of comprehensive IT services, which experts are characterized by professionalism and creativity.

Wiceprezes Zarządu LPP S.A
